

GOLD DUST

The Best Washing Powder.

Housework is Hard Work Without It.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggists.

The former private secretary of the Speaker, in accepting the nomination for Congress from Mr. Reed's district, announced himself as intending to uphold the administration in its expansion policy. He evidently sees the handwriting on the wall. The disciples of anti-expansion will not be able to get much material comfort from this.

Greene—Do you believe the first shall be the last?

DeWitt—Yes; my wife's conversation is first, last, and all the time.

"Maud, didn't you pay more for your new clock than you said you would?" "No, Harry; I had the extra \$10 charged to you."

From Kansas City comes the report that the total resources of the banks of that city which amounted to \$37,000,000 a year ago had increased to \$48,000,000 about the first of July, 1899, and to \$50,000,000 in the first week of September. Evidence of prosperity is thus becoming manifest in all directions. "Calamity" will soon have fallen into "inocuous desuetude."

Back biting was pioneered by the flea.

AN INSTRUCTIVE CONTRAST.

UNCLE SAM—"Johnny, if you paid the \$125,000.00 a year in taxes on your personal property, you would not have so much money for campaign purposes."

The debt of gratitude which the public owes to the gallant Dewey for the honor he won from American arms, is only equalled by that which is due him for the unwanted silence imposed upon the "Perpetual Candidate." "Silence is Golden." Has Bryan become a "gold bug?"

Mrs. Youngwed—Are you happy, dear, to be sailing on the matrimonial sea with such a kind and loving mate? Mr. Youngwed—Yes, indeed; but don't you think we'd better put into port a little while and ship a cook?

What an incongruous spectacle is presented by the Ohio Democrats with their platform appealing to the masses against capitalists and trusts, and John R. McLean, millionaire, banker and corporation president heading the State ticket.

The Expansionist—You can bet your life English is going to be the universal language before many years.

The Anti—I rather believe you. There isn't a finer swearing language on earth.

You can get Ferris' waists at Hibben's.

A Thousand Tongues Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1. Trial bottles free at W. R. Smith & Co., Drug Store.

Mr. John R. McLean says there is a very bright prospect of his election. Unfortunately we loaned our telescope to a Populist friend who wanted to look for calamity signs.

If it is really a disgrace to die rich, we begin to understand why it is that wicked little boys so often live to grow up and succeed in business.

Trifles, light as air, cause some men to be puffed up.

THE REAL ISSUE WAS MCKINLEY RIGHT?

I don't know what you think about it, but I believe it is a good deal better to open up the mints of the United States to the labor of America than to open up the mints of the United States to the silver of the world.

FIVE MASKED MEN.

They Hold Up a Passenger Train Near DeKalb, Ill.—The Engineer Was Shot and Badly Wounded.

CHICAGO, Oct. 15.—The Northwestern limited train leaving Chicago at 10:30 p. m., Friday night, was held up not far from DeKalb, Ill., and robbed. The train is due at 12:30, and the hold up occurred at Tower W, three miles from Maple Park, Ill. It is not known whether the robbers secured any great amount of booty. A special train containing a number of armed men and detectives left the Northwestern station in Chicago Friday night bound for the scene of the robbery. It is said there were five masked men engaged in the operation.

The robbers blew up the express car with dynamite, practically demolishing it and blocking the track. They then blew open the safe and rifled it, after which they escaped in the darkness.

Engineer Daniel White, of the train, was shot and it is reported very seriously wounded in the breast because he refused to run his engine away from the train. After shooting him one of the robbers ran the engine down the track two miles to a switch, where it was "killed." It is also reported that the station agent was badly wounded.

A bundle of bills aggregating \$3,000 was recovered by attaches of the express company Saturday. It had been blown through the bottom of the car, and was found imbedded in the earth between the railroad ties. Express company officials declare that the first reports of the amount obtained by the robbers was greatly exaggerated, and claim it was considerably less than \$25,000, which it was thought they had secured.

ADM. DEWEY IN BOSTON.

A Crowd of Fully 25,000 People Met the Hero of Manila at the Depot—Escorted by War Veterans.

BOSTON, Oct. 15.—Fully 25,000 people were crowded in and around the station, and in the rush to get a look at the hero he was welligh carried off his feet. He was with Mayor Quincy and a delegation representing the Home Market club, the chamber of commerce and other municipal bodies. The admiral rode at the head of a column of 10,000 war veterans through the city's principal streets to the Hotel Touraine, which will be his home during his three days' stay.

The admiral's escort Friday night were the naval veterans, and following them were posts of the Massachusetts department of the Grand Army and Spanish war veterans. All the streets were profusely decorated and crowds lined the sidewalks. Red fire was burned lavishly.

The admiral after dinner witnessed a fine display of fireworks on Boston common from his apartments in the hotel and retired soon afterward. Saturday he had an arduous day, as he attended many functions. In the forenoon he heard the school children sing on the common, was presented with a watch at the city hall and reviewed the parade, which included the entire state militia mobilized for its fall maneuvers. In the evening there was a banquet at the Algonquin club.

IMPRISONED DOMINICANS.

A Party of Thirty-Two, Who Had Been Confined at Bacoora, Released—Members of Jimenez's Party.

SANTIAGO DE CUBA, Oct. 15.—A party of 32 dominicans who had been confined at Bacoora for two months were released Thursday and arrived here Friday. They were members of the Jimenez expedition which was captured because its object was not concealed as the members had been assured that the Americans were favorable to their movement.

The two months spent in jail has had a terrible effect upon the party. One of the members is dead and several have become invalids. The dominicans are very bitter against the Americans and declare that their imprisonment was worse than any Spanish outrage. Gen. Wood frequently recommended that they be released but the authorities at Havana prohibited such action.

Capt. Chadwick's Throat Ended the War. MORAGANTOWN, Va., Oct. 13.—Adm. Sampson states that Capt. Chadwick wrote the letter leading to the Toral's surrender, and gave it to Gen. Shafter. The letter, he says, was signed without the slightest change, and surrender followed. It contained a threat of bombardment and news of the victory, pointing out the uselessness of further fighting. These facts are a part of the record of the bureau of navigation, hitherto unpublished. Sampson says Chadwick undoubtedly ended the war.

HARDEST MARCH OF THE CAMPAIGN.

The Filipinos Had Deserted the Town Upon Learning of the Approach of the Americans.

Maj. Cheatham, With a Scouting Party, Drives a Force of Strongly Intrenched Rebels From Their Position—Three Americans Killed.

MANILA, Oct. 14.—Maj. Cheatham, with a scouting party, while proceeding along the west shore of the lake Thursday encountered a force of rebels strongly entrenched at Muntinlupa. Maj. Cheatham reports that he drove the rebels from their position and that in the engagement three Americans were killed and two were wounded. Rumors are in circulation in Manila that Maj. Cheatham discovered three American prisoners who had been bound, gagged and shot by the insurgents. These rumors, however, are not confirmed.

One Sandago, a lieutenant of the native police, has been arrested and lodged in jail his subordinate having reported to the authorities that he was endeavoring to enlist them in a plot to turn the police against the Americans in the event of an uprising.

Reports having reached the provost marshal that arms were concealed at the headquarters of the Dominican friars, a large building adjoining the palace, a detachment of soldiers made a search of the building. They found a small stock of Mausers, revolvers and ammunition, which was confiscated despite the protests of the friars that the arms were not intended for unlawful use.

Gen. Schwan with the infantry, has reached Bacoora. The troops are greatly exhausted having had one of the hardest marches of the campaign. From Malabon to Peres das Marinas they marched through roadless rice fields. The 4th infantry from Imus joined Gen. Schwan at Peres das Marinas. The Filipinos had deserted the town upon learning of the approach of the Americans leaving only the women and children behind.

WASHINGTON, Oct. 15.—The following cablegram from Gen. Otis was received at the war department Saturday:

Knight Tempers' Conclave.

CINCINNATI, Oct. 12.—At the Knight Templars' business meeting Thursday morning Columbus captured the conclave to be held in October of next year. Cleveland had been confident of securing the honor, and an attempt was made to reconsider the vote, but it failed. Fred L. Geddes, of Toledo, was elected grand warden, receiving 93 votes, a majority of one over the combined vote of the four other candidates. John H. Gibson, of Cincinnati, against whom it was predicted there would be no opposition, received 69 votes.

R. J. M. Farquhar Assumes Command. NEWPORT NEWS, Va., Oct. 13.—R. Adm. Sampson left here Friday night for Washington. A boat was lowered from the flagship New York, and the retiring rear admiral was rowed ashore by the line officers of the cruiser. This provoked great cheering from the jacks of the white squadron. A party salute was fired by the New York. R. Adm. Farquhar assumed command of the squadron. Twelve thousand school children visited the fleet Saturday.

Old Members of the United Presbyterian Church, Springfield, Wept When They Heard It Played.

SPRINGFIELD, O., Oct. 16.—Instrumental music was used in the United Presbyterian church here Sunday, the first time in the history of the church, and it is about the oldest in the city. A piano was played in the Sunday School room, and when a young lady started playing it quite a number of the old members commenced weeping.

It was the intention to move the instrument into the church proper, but upon the earnest solicitation of the pastor, Rev. Hume, it was not done. The congregation recently voted to put an organ in the church.

Divided Into Two Districts.

For this purpose it was decided to divide the state into two districts and send an organizer into each. David P. Boyer, ex-member of the state legislature from this county, was made organizer for the 44 counties in the western half of the state, and Samuel S. Roemer, of Steubenville, for the 44 counties in the eastern part of the state. They will proceed to their duties at once.

Quail Drove Into Town by Drought.

FINDLAY, O., Oct. 16.—A large covey of quail attracted a great deal of attention in the heart of the business district of the city. There were 25 or 30 birds, and they were probably driven in by want of water, the drought drying up all the small streams in the country. The flock flew into a number of open windows in the Marvin hotel and surrounding office buildings, and many perched on the window sills and the stone masonry.
